2024 JPCA Adopt a Legislator Form

JPCA ADOPT A LEGISLATOR

Every legislative session has different challenges. In an effort to reach out to more legislators during the legislative session, we need your help.

THE CHALLENGE

Our challenge is to quickly develop relationships with and educate the members about the importance of justices of the peace (JPs) and constables as the courts and law enforcement closest to the people.

WHAT YOU CAN DO

The legislator who knows you and respects your work is not likely to vote to adversely affect JPs and constables. And since senators and representatives usually respond more favorably to people they know from home, we are asking you to take responsibility to educate your representatives and senators about the importance of JPs and constables in your community.

If you know a state representative and/or state senator in your area and we can call upon you to make contact regarding legislation that affects justices of the peace and constables, please provide your contact information.

If you would like to receive legislative updates, please complete the top portion and mail or fax to the office mentioned below. You must include your E-mail address to get the updates.
